DR. SANTHOSH.B.T

MBBS,
MD GENERAL MEDICINE

"Dear Students,

As I reflect on the incredible journey that lies ahead of you, I am filled with immense pride and joy. You have chosen a path that is not only challenging, but also profoundly rewarding. Becoming a doctor is a calling that requires unwavering dedication, unrelenting passion, and a deep commitment to serving humanity.

As you embark on this journey, I want you to know that you are not just students, but also the future guardians of health, hope, and healing. You have the power to transform lives, to bring solace to the suffering, and to be a beacon of hope in times of despair.

I urge you to approach your studies with reverence, humility, and an insatiable curiosity. Seek guidance from your professors, learn from your peers, and stay abreast of the latest advancements in medical science.

But remember, being a doctor is not just about mastering the sciences; it's about cultivating empathy, communication, compassion, and kindness. It's about understanding the intricate web of relationships between patients, families, and communities.

As you navigate the challenges and triumphs of medical school, I want you to know that you are not alone. You are part of a vibrant community that is dedicated to supporting, guiding, and inspiring you every step of the way.

So, I leave you with a simple yet profound message: never lose sight of why you started this journey. Remember the passion, the fire, and the sense of purpose that drove you to become a doctor. Hold onto it tightly, and let it guide you through the triumphs and tribulations that lie ahead.

I am there to support you at any point of time till you reach your goal. Becoming a doctor is a boon which everyone won't get this. Preciseness play major role in our profession as we deal with lives not the machines.

Always remember "KNOWLEDGE IS THE ULTIMATE POWER"

With love, admiration, and unwavering support,

DR.SANTHOSH.B.T
MBBS,MD GENERAL MEDICINE

DR. VINAY PRASAD

MBBS in Tver State Medical University

Dear Students,

As you pursue your medical education, remember that being a doctor is an extraordinary privilege and responsibility. You have the power to make a profound impact on people's lives, to heal, to comfort, and to provide hope.

To excel in this noble profession, keep the following principles in mind:

- Compassion and empathy: Put yourself in your patients' shoes and strive to understand their experiences, concerns, and values.
- Effective communication: Listen actively, ask questions, and communicate clearly and respectfully with patients, families, and colleagues.
- Lifelong learning: Stay up-to-date with the latest medical advancements, guidelines, and best practices to provide evidence-based care.
- Resilience and adaptability: Develop coping strategies to manage stress, prioritize your well-being, and adapt to challenging situations.

As you navigate your medical journey, remember that the practice of medicine is an art that requires dedication, hard work, and a commitment to excellence.

I encourage you to stay focused, motivated, and true to the values of our profession.

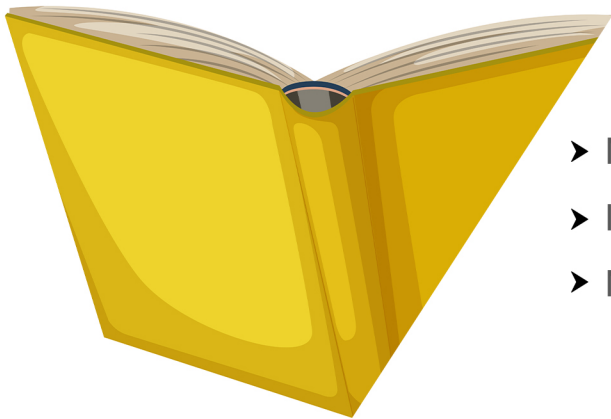

Sincerely,
DR.VINAY PRASAD

06

We Are Entitled For

- Admission in MCI approved government universities in abroad
- No donation
- Direct admission
- Free university consultation
- Payment protection
- Guaranteed Visa
- Affordable fee
- Best service to students in abroad

NEXT & it's impact on FMGs :

- The policies being framed at present are discussed considering Indian medical graduates.
- NEXT-1 would be an online exam mainly based on clinical subjects.
- There would be 3 papers:

A1 Medicine plus allied (like dermatology, psychiatry); 120 questions (3 hours).

A2 Pediatrics; 60 questions (1.5 hours).

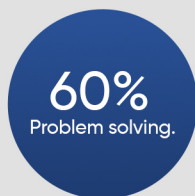

B1 Surgery and allied (like anesthesia, orthopedics); 120 questions (3 hours).

B2 ENT; 60 questions (1.5 hours).

C1 Obstetrics and Gynecology; 120 questions (3 hours).

C2 Ophthalmology; 60 questions (1.5 hours).

- 10% of questions would be from non-clinical subjects (anatomy, physiology, biochemistry, pathology, pharmacology) and 10% from PSM.
- Pattern of Questions:

- NEXT-1 would also act as a PG exam for merit-based PG seats.
- FMGs must clear NEXT-1 to qualify for an internship. After completing the internship, they must appear for NEXT-2 at their college/hospital.
- Clearing NEXT-2 grants enrollment in the medical council and PG seat eligibility.
- Failure to clear NEXT-2 means no license or PG course eligibility.
- NEXT-1 is expected to be implemented in March 2025.

07

I had a wonderful experience with VS Global Study Consultant while pursuing my MBBS education abroad. Located in Tumkur, this consultancy stands out for its professionalism and personalized approach.

From the initial consultation, the team was attentive, helping me identify suitable universities and guiding me through the application process with clarity. They provided comprehensive information on admission requirements, scholarships, and visa procedures, which greatly eased my concerns.

Communication was consistent and responsive; I always felt supported and informed. Their insights into adjusting to life in a new country were also very helpful.

Overall, I highly recommend VS Global Study Consultant to anyone from Tumkur looking to study MBBS abroad. Their expertise and dedication made my journey smooth and successful.
